

It is incredibly exciting to announce a real in-person workshop!

Learning to make this little felted Tuffet is an intermediate level class taking 3 days.

You will first learn how to design and felt an upholstery grade piece of felt, which will then be cut, sewn and upholstered onto this little stool base (supplied by Treetops). If you don't sew, we can help you with that...

The felt for your Tuffet can be made using either needle-felted fabric OR with Merino tops. Decorative motifs can be created using needle-felt fabric or you can make your own pre-felts (ahead of time). Other decoration options include nuno fabrics and textured fibres.

Join us for a bit of in-person creative felting time. A community spirit of co-operation will be needed for the upholstery part of this journey. Many hands make light work.

Cheers! Nancy Ballesteros

Felt Ottoman Workshop

(or lovingly referred to as a felted TUFFET)

Tutor: Nancy Ballesteros, Perth WA
